

Spring into STEM!

Drug Development from Concept to the Clinic

Hosted By:

Pfizer and Pfizer CTI

Young Women In Bio (YWIB), part of Women In Bio, is an inspiring program that organizes science events for middle-school girls introducing them to careers in science, technology, engineering, and math.

Young Women In Bio (YWIB) Biotechnology Career Leadership for Girls is a series of events dedicated to inspiring girls in biotechnology education and career choices. We encourage girls' curiosity in biotechnology while nurturing a business and entrepreneurial spirit. These events include exposure to many different female science professionals, their careers and experiences; an in-depth look at a bioscience organization; and hands-on science activities. The events are open to girls in grades 9-12.

Date: Tuesday, April 25, 2017

Time: 4:00pm-7:00pm

Cost: This event is free.

Registration: Advanced registration is required. Participants should wear closed-toed shoes.
